Michael Baldwin

Michael Baldwin is an award-winning professional with more than four decades of experience in the luxury real estate market. He has closed more than $2 billion in transactions.
Baja California Sur, Mexico

Summary

I market & sell luxury homes in San Jose Del Cabo. I provide exceptional client care, superior communication & negotiation skills, and endless determination. My clients are always represented with the utmost professionalism and integrity. Negotiating and selling is done with everyone's best interests at heart. My drive, determination, dedication, and creativity make me an asset for any individual or company. Most of my business has been obtained by referral and every one of my loyal clients, both past and present, are willing to act as a reference. I hope the connections and relationships I gain using LinkedIn will help me expand and build upon an already strong foundation. Knowledge is power. The more people you know the more knowledge you gain. I believe we can all help one another grow.

Specialties: I have the experience that comes with closing more than $1.75 billion dollars in transactions over my forty year career ($460 million in Los Cabos). This combined with my expertise in land development and the technical knowledge of new construction gives my clients peace of mind when buying or building their luxury home.
